First / Then

Put a card in each box. First we do this, then we do that!

Tips for grown-ups

- Put the less-liked task under "First" and something fun under "Then".
- Keep it short and simple: two cards, a few calm words.
- Point to each card as you say it: "First shoes on, then park!"
- Celebrate when the "First" card is done, then enjoy the "Then"!
